Product Parts

- 1 - Base Plate
- 2 - Lower Post
- 3 - Upper Post
- 4 - Arm (x2)
- 5 - Base Plate Screw
- 6 - Thumb Screw
- 7 - Hex Wrench

Display Set-Up

Step 1

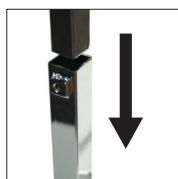

To assemble the bag holder, begin by removing all the parts from the bag and placing them on a flat surface.

Locate the Hex Wrench (7) as it is required to assemble the bag holder.

Step 3

Slide the Upper Post (3) into the Lower Post (2) and secure them together with the Thumb Screw (6).

Once secure, the bag holder can be raised and lowered by adjusting the Thumb Screw (6).

Step 2

Begin by attaching the Lower Post (2) to the Base Plate (1) with the Base Plate Screw (5). Tighten the screw with the Hex Wrench (7).

Step 4

To attach the Arms (4), simply screw the threaded end into the Upper Post (3).

Step 5

Once assembled your bag holder is complete and ready for use.

Storage

Place parts into bag and store in a cool, dry location.

Care

Clean with damp cloth and wipe dry.
